

Members of the Nugget Trailer Club are shown above parked at the Drayton Valley Riverside Campgrounds.

Trailer Club Spends Weekend Here

Drayton Valley's Riverside Campground was busier over the long weekend than it has been since Klondike Days in mid-July. Ten or twelve trailers of the Edmonton Nugget Trailer Club parked on the grounds for the holiday weekend and club members enjoyed the attractions of the surrounding countryside.

The trailers, with about 35 persons in the group, arrived in Drayton Valley Friday evening and left Monday afternoon.

The travellers expressed pleasure with the river camp grounds and all appeared to enjoy their stay here. They particularly enjoyed the setting among tall trees with the river flowing by a few yards from the trailers.

They were welcomed here on arrival by Chamber of Commerce president, Bill Johanneson and Mayor Howard Pickup and several other members of the community extended unofficial welcomes during their stay.

On Sunday Jack McLean escorted the visitors through the Mobil Oil Unitization Plant and offices and provided information on the plant and its history. Also on Sunday was a tour of the Goliad Fractionation Plant at Buck Creek led by Bill Johanneson who also conducted a tour of public buildings and the hospital in Drayton Valley.

On Monday all visited the

C.W.L. Meeting Held Sept. 5th

Seventeen members and four guests were present for the regular meeting of the CWL held on September 5th at St. Anthony's School.

Arrangements were made for a bake sale to be held on September 10th at The Bay and a Turkey Bingo on October 6th at the Elk's Hall.

Hospital visitors for this month are Marie Leniuk and Kay Hrynyk.

Dolores Andruschak, social convenor, gave a talk on welcoming newcomers to the town and parish.

The meeting closed with the League Prayer and was followed by coffee and lunch.

Present Swine Club Awards

The Lindale 4-H Swine Club held its Achievement Day on August 23rd and awards were given at a banquet on August 26th in the Lindale School Gym.

Placings are as follows; Best Sow and Litter (Senior Class): 1st (and trophy), Donna Whitaker; 2nd, Dennis Martin; 3rd, Garry Phillips; 4th, Earl Lawson; 5th, Blair Thatcher; 6th, Douglas Holmgren; 7th, Lynn Martin. Senior Showmanship: 1st, Dennis Martin; and 2nd, Earl Lawson. Junior Class (Best Sow and Litter): 1st (and trophy), Randy Robb; 2nd, Leslie Horsman; 3rd, JoAnn Whitaker; 4th, Arthur Tweedle; 5th, Alfred Young; Judging Competitions: 1st, Donna Whittaker; 2nd, Douglas Holmgren.

The guest speakers for the evening were Mr. Dennis Simpson and Mr. A. Malone of the Department of Agriculture, Edmonton. The chairman for the evening was Mr. Dennis Martin.

Congratulations to these young folks for their achievements and awards.

DDD Soon to Be in Effect

Girls in the office of Alberta Government Telephones have been busy during the past week phoning subscribers to go over details of the switch to DDD (Direct Distance Dialing) which comes into effect in the Drayton Valley and Lodgepole areas on September 18th.

Folders explaining the process have been mailed out and the follow-up call is being used to answer questions that might arise. Read the folder over so you won't have any problems when you want to place your first DDD call after September 18th.

SHOTGUN RAFFLE

The Pembina Oilfield Fish and Game Association will make the draw for a shot gun being raffled by the club, at Thompson's Sporting Goods at 8:00 p.m. on Friday, September 9th.

Ralph Geiger, vice-president of the Nugget Trailer Club is shown above with Mrs. Margaret Lyse, club historian, holding the club's scrapbook. The book tells the trailer club's story from its organization to the present with photos and newspaper clippings.

THE WESTERN REVIEW

DRAYTON VALLEY, ALBERTA

VOL. II, NO. 36 SEPTEMBER 7, 1966 PRICE 10¢

Margaret McCullagh Competing For Gymkhana Queen Title

The Lariat Gymkhana Club's 1966 Queen, Margaret McCullagh, will be competing for the Northern Alberta Gymkhana Queen title on September 11th at Polar Park in conjunction with the Gymkhana Association annual Championship Show.

Margaret was chosen as this year's candidate by the members of the club. Having been an active member of the club since its inception in 1960, Margaret will surely be working very hard to bring home the top Queen award. She has to compete in a personality appearance, and a horseman-

ship class besides selling tickets to the big show.

Margaret was born in 1949 in Edmonton and has since lived on the family farm at Rocky Rapids with parents, "Mac" and Hazel and sisters, Betty and Robin. She is attending Frank Maddock High School in Grade 12.

The trophy saddle is the top prize at Sunday's show. To be eligible to win, riders have had to record times all year in the four major gymkhana events. The top riders from the 7 clubs, based on a point system, then meet in Edmonton for a championship show. There are three riding groups: Under 11 years, 12-16 years and adult.

Tickets for the show may be bought from Margaret, any club member or at the gate.

Drayton Valley's next show is September 18th

Air Cadets To Resume Parades

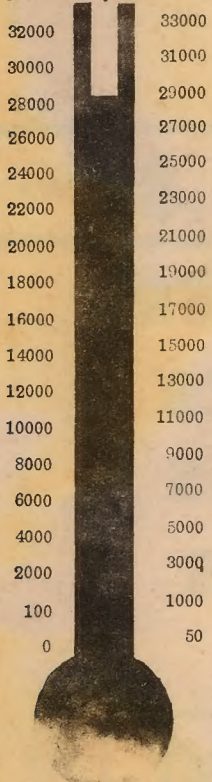

First parade of the new season by members of Drayton Valley Air Cadet Squadron No. 733 will be held on Thursday, September 8th.

Parades are held each Thursday evening at 7:00 p.m. in the auditorium of Frank Maddock High School.

An invitation is extended to local youths in the 14 to 18 age group who are interested in joining the squadron.

Riding with one hand on the handlebar steering and the other holding a transistor radio to his ear, is a favorite trick of young bicyclists and this may cause serious accidents. On the road, a bicycle is in competition with trucks and cars and requires the rider's whole attention.

Water Skiing WITH CLINT WARD

Learning good slalom technique from the start will make the high speed runs come easier.

Always maintain a pulling position at any point on the course is the advice of World Champion Roland Hillier. Pull hard through the gate and then begin slowing down in a wide arc turn. Well ahead of the ball, pull in on the handle holding it close to the body at waist level. This pull will make the ski accelerate and should be maintained until reaching the first wake, where the slowdown wide arc turn should begin again. Continue this technique for all six turning balls.

Leaning forward at the waist during the slowdown turn and leaning back and pulling in at the ball is a popular technique. But, according to Roland it is just wasting time--and time is precious during the high speed runs.

Learning to turn ahead of the ball so that you are already in the acceleration phase as you pass it, takes lots of time but is the only way that you can stay ahead on the course at 36 mph.

Lodgepole News

A working bee sponsored by John Zukowsky and Mr. Fred Panky was organized recently to put up Mr. Joesting's hay. Through the cooperation of their employees, it was a huge success. Hope you are feeling better Mr. Joesting.

Mr. and Mrs. Roger Nelson and boys were weekend visitors at Roger's folks in Camrose.

Mrs. Roger Berlinguette and Michelle (nee Pat Knapp) visited with her Mom and Dad for a few days recently.

Mr. and Mrs. John Vanderleest and boys were visitors to Edmonton recently.

Friends of Mr. and Mrs. Roy Dahlstedt will be pleased to hear they have a new baby daughter, born August 26th.

Mrs. Leo McDonald and children of Whitehorse, Yukon are visiting with Mr. and Mrs. C. Goett and Kelly.

Mr. and Mrs. Henry Elliott and Jay Sumner visited with Mr. and Mrs. Walter Petuniak of Edmonton recently.

Michael: What is your dog--a setter or a pointer?

Steven: Neither. He's an up-setter and disappointer.

Hail Study Reveals Interesting Statistics

Hailstorms cause billions of dollars worth of crop and property damage around the world every year, sometimes killing animals and on rare occasions even injuring or killing people.

Hail damage in the United States is estimated to run between \$50 and \$100 million every year. In 1951 the state of Kansas alone suffered \$15 million damage to crops.

In Alberta the Hail Insurance Board records show an average over the last ten years of nearly \$1 million per year paid out in damage claims, and the actual damage must be many times this amount. This year because of the near record amount of insurance written claims so far are well in excess of this figure.

ANIMALS KILLED

Besides crops, property is sometimes badly damaged, and in 1948 twenty carloads of glass were required to repair all the broken windows caused by a storm in Denver, Colorado. Holes are sometimes punched in the roofs of buildings and the siding stripped off walls. Animals unable to reach shelter can be severely injured or killed by hail. In Rapid City, South Dakota sixteen horses were killed on July 5, 1891.

Only one human death in

North America was officially attributed to hail and this occurred in 1930 when a Texas farmer was caught out in the open far from shelter. However, in India 230 people were killed by a storm which hit a town 100 miles East of Delhi and 22 people were killed by a storm in the Transvaal, South Africa. As far as is known nobody has been fatally injured by hail in Canada.

FALL FOLLY

When the frost is on the pumpkin males across the nation rush headlong into the annual fall folly.

No, no, girls! -- I don't mean slumped on the chesterfield guzzling suds with his eyes glued on the idiot box while the Calgarys and Edmontons battle for possession of the pigskin. I'm talking about the pulsating, nerve tingling, red blooded call of the wild!

You've all seen it -- at the first call of the wild goose the male pulse races, nostrils flare, eyes crinkle at the corners and take on the eagle-eyed, steely glint of the plainsman. And we can't wait to get down the basement to oil the trusty fowling piece and try to patch the waders that the kids have been using on rainy summer days as a swing between the floor joists.

Then to the marshes and a jolly days sport. There's a little ditty that covers this aspect of the hunting trip "Lo the hunter in his blind, His frozen front, his wet behind." ...and the proud moment when the nimrod returns to family and hearth dearly clutching his two \$7.50 per pound ducks and is greeted at the door by the old girl-- hands on hips, nostrils flaring and steely-eyed -- mentally equating the worth of two measley ducks in terms of hamburger.

* * * *

The foregoing was brought to mind by a misadventure that befell the (outdoors type?) editor one day last week.

Strolling the main stem intent only on huckstering ads for our weekly endeavor my keenly attuned outdoor type ears picked up the first faint notes of the mating call of the double-crested gadwall. Instantly all reflexes swung into action. I began to hunker down into an imaginary blind, trigger finger twitching, I go all steely-eyed, etc., etc.

A Black Lab, recognizing a kindred spirit, leaves other pursuits across the street and joins me crouched in quivering anticipation. Naturally, we look a little odd going through this routine in front of the Treasury Branch and women are beginning to gather their children closer in case the obvious lapse of reason turns to violence when we become aware that Thompson's Sporting Goods is the source of the delightful duck sounds. Pete Bureyko is demonstrating a new duck call to a couple of eager-beaver nimrods while the Lab and I, muzzles to the sky, are ready on the street.

The Lab, disappointed, rejoined his friends while I made a point of examining the sidewalk for faulty construction before arising and striding off purposefully.

* * * *

Well enough for today. Now for home and slouch on the chesterfield while the Calgarys battle the Torontos ... avoiding the steely-eyed glances of the other half.

Editorial
Comment

River Valley Park Admired

For some time the Drayton Valley and District Chamber of Commerce has pointed out the attractions of its riverside camping grounds and has been successful in promoting the grounds for occasional use by campers and picnickers. At the weekend the grounds were put to good use by an Edmonton trailer club whose members expressed enthusiasm for the facility available on the river bank.

The enthusiasm of the Edmonton group is good news to the Chamber of Commerce which hopes to complete the park with A.R.D.A. help by laying out a program of improvements to be carried out over the next few years.

Several of those camping over the weekend expressed pleasure at the beauty of the location with the scenic river valley at their doorstep. Many compared it with mountain scenery and all enjoyed the beauty of the surrounding countryside.

We hope the travellers enjoyed the weekend in Drayton Valley completely and that this was the first of many visits by them and other campers. We feel the Chamber is on the right track and a few years will prove the wisdom of all the hard work and planning that has already gone into the park.

Prompt Payment Helps Economy

People who don't pay bills promptly are among the greatest frustrations of merchants. Credit is helpful in stimulating business but it can boomerang and become a stumbling block, and in many cases, become the cause of bankruptcy.

This is not pointed at Drayton Valley or any other community because it has the same effect and is felt just as much in Corner Brook, Newfoundland as it is in Kitimat, B.C. But people in communities across the land should be aware that the local economy can be seriously impaired by debt.

We don't doubt that in most towns analysis would show that a great volume of outstanding debt is owed by people who can well afford to pay but have just gotten into the habit of taking their time about it. If this trend could be reversed and bills paid as they become due, everyone in business would be on sounder footing, the economy would bubble merrily and the whole community would benefit.

St. Anthony's Setting for Douglas-Wilner Wedding

An afternoon wedding on August 5, 1966 at St. Anthony's Catholic Church in Drayton Valley united in marriage Genevieve Marie Willner, daughter of Mr. and Mrs. Mike Willner of Drayton Valley and Constable Stanley Ernest Douglas of Bashaw, Alberta, son of Mr. and Mrs. Wilf Douglas of Vernon, B.C.

Rev. Edward Lynch officiated and the wedding music was played by Mrs. H. Pickup. The epistle was read by the bride's brother, Terry Willner. The altar was adorned with red roses and white mums decorated the pews.

The bride, given in marriage by her father, wore a white floor-length gown of peau-de-soie with an empire waist, bell sleeves and matching train coat also of peau-de-soie. Her ensemble was completed with a shoulder-length veil of net fashioned to a beaded crown headpiece. A heart-shaped locket which her mother had worn on her wedding day was the bride's only accessory. She carried a white orchid on a white Bible.

The bride's sister, Miss Julie Willner was maid of honor and bridesmaids were Miss Gail Sware of Edmonton, and Miss Rita Gaida of Provost, Alberta.

Their dresses were white floor-length lace cotton with empire waist lines, bell sleeves and floor-length coats of navy lace. Their head pieces were circles of navy and white flowers on white net. Gifts to the bridesmaids were matching sterling silver ear rings and bracelets.

Best man was Constable William Wynnychuk of Ponoka Alberta. Attendants were Constable Jack Hearford and Constable William Clark both of Stettler, Alberta. Ushers were Mr. Denis Willner, brother of the bride and Mr. Bruce Douglas, brother of the groom.

The bride's mother wore a pink print dress with an overlay of pink net and a matching three-quarter length coat.

Navy accessories and a white orchid completed the ensemble. The groom's mother wore a navy silk dress with pink accessories. Her corsage was also a white orchid.

A reception was held for the guests at the Legion Hall. The head table was decorated with white candles and roses. The three-tiered wedding cake was decorated in white and gold. Master of ceremonies was Mr. Ray Stimson of Edmonton, uncle of the bride. The toast to the bride was proposed by Mr. Joe Bouvier of St. Albert, also an uncle of the bride. Constable William Wynnychuk proposed the toast to the bridesmaids.

For her wedding trip to Waterton Lakes the bride chose a two-piece blue tweed suit with a caped jacket and navy accessories. Her corsage was a white orchid.

Mr. and Mrs. Douglas will reside in Bashaw, Alberta.

Attending the wedding from out of town were: the bride's grandfather, Mr. W. Weber of Revenue, Saskatchewan; and the groom's grandmother, Mrs. Douglas of Winnipeg, Manitoba. Other out-of-town guests were from Battleford, Saskatchewan; Wilkie, Saskatchewan; Vernon, B.C.; Edmonton; Calgary; Penhold; Valley View; Rivers, Manitoba; Beaumont, Alberta; Bashaw, Alberta; Loon River, Saskatchewan; Ponoka and Stettler, Alberta.

Centennial Report

1867 | 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

RCAF planes flying over Canada's isolated communities in the far north are going to be air-dropping some unusual cargo in the months ahead.

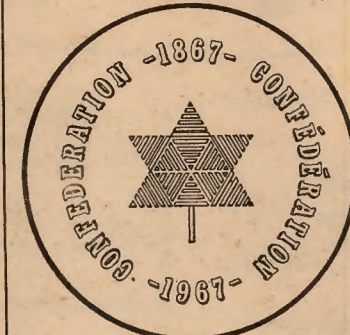

During the coming school year the planes will be making air-drops of bright new medallions, souvenirs of Canada's Centennial, to the school children of the north. Why air-drops? Well, some of those communities are so isolated there simply is no other way for deliveries to coincide with distribution of the medallions to the rest of Canada's school population in time for presentation in class rooms by June 1 1967.

Six million of the Centennial medallions for school children are now being produced for the Centennial Commission by the Royal Canadian Mint at Ottawa.

The first delivery of medallions from the mint will be a special one -- 2,000 to the Centennial Commission at the end of September for the air-drop allotments. Then the mint will make direct shipments to all the provinces and

territories by April 1, 1967.

The medallion design, shown here, was recommended this past spring by a special advisory committee to the Centennial Commission. The choice

Obverse

Reverse

of the design was made following a contest conducted last year among five experienced Canadian designers.

The medallions will be of lasting significance to all in the new generation. Perhaps they will be passed along from generation to generation of families and a number will appear again on the 200th anniversary of Confederation.

Carnwood News

Mr. and Mrs. S.M. Jorgenson had Mrs. Alice Fennemas as a visitor for a few days recently.

Mr. and Mrs. John Janzen and family of Enderby, B.C. were visiting friends in the district.

Mr. and Mrs. Frank Cox and Mr. and Mrs. Earl Jacobsen attended the wedding of Larry Fullerton who was married on August 27th at Rimbey, Alberta.

The community extends best wishes for many happy years to the young couple.

Visiting at the home of Mr. and Mrs. Victor Saunders were Mrs. Albert Gillespie of Nanaimo, B.C. and Mrs. Thelma Wheeler of Rimbey, Alberta.

Mrs. Elsie Roy and daughter are staying with Mrs. Roy, Sr. Mr. R.L. Roy is employed at harvesting at Foremost, Alberta.

Visiting at the home of Mr. and Mrs. Cy Young were Mr. and Mrs. Robert Gossend and son Raymond from Aldergrove, B.C. and Mrs. E. Jerace from Lulu Island, B.C.

Get well wishes go out to Mrs. R. Flathers and Mrs. Sally Hernberg.

EVANSBURG NEWS

Mrs. M. Bruner, Correspondent

Another week, another news report but with working at the school in the janitor's shoes, I doesn't leave me much time to write news. (The janitor mentioned is my husband who is still off work since getting injured in a power saw.) By the number of students seen around the school, everyone with children attending the halls of learning must be back from holidays. We are fortunate in having both our elementary and junior-senior high schools fully staffed.

Visiting Mrs. Bruner senior was her daughter and husband, Mr. and Mrs. Hall from Compton, California. Mr. and Mrs. Hall say they are going back soon to the land of almost perpetual sunshine and no cold and chilly days.

We see Mrs. J. (Lorraine) Mazeppa working behind the counter at Wolff's Agencies.

Had a call from the scoutmaster today and he tells me the Scouts are going to become quite active in the very near future. The Cubs are looking forward to a busy active season, too.

We were sorry to hear that Mr. McGowan is a patient in the Drayton Valley hospital. Hope he is progressing and home soon.

The executive of the Credit Union held their monthly meeting last week. Some lengthy report sheets were filled out as well as other business carried on.

Harvesting seems to be getting pretty well underway with farmers doing their best with the field work in between rainy days.

Hail Report

Continued from page 2
big fish stories. The largest officially documented stones fell in Potter, Nebraska on July 6, 1928. Some measured 4½ to 5½ inches in diameter. The largest was 17 inches in circumference, weighed 1½ lbs. and must have hit the ground at more than 100 mph. Fortunately these huge stones were widely scattered falling 10 to 15 feet apart.

Some tremendous accumulations of hail on the ground

have been reported. For example on August 6, 1890 a storm in Iowa left hail 6 feet deep in drifts, and in sheltered areas the hail remained for four weeks. A late season storm in Missouri on September 5, 1898 killed hundreds of animals and deposited so much hail that two weeks later some lanes were still blocked with ice and the last hail disappeared 52 days after the storm.

Little wonder then that there

are several projects like Alberta Hail Studies investigating storms in many parts of the world. All are designed to find out as much as possible about hailstorms by the latest scientific techniques, in the hope of eventually developing methods of alleviating their severity and reducing damage.

FED UP

Stopping to pass the time of day with an Alberta farmer, a tourist learned that the

farmer's father who was 90 years old was still working on the farm where he was born.

"Ninety years old, eh? asked the tourist, "and is his health good?"

"Tain't much now, he's been complainin' fer a few months back."

"What's the matter with him?"

"I dunno, sometimes I think farmin' don't agree with him."

DRAYTON VALLEY, ALBERTA

D. V. Highlights

BY MRS. EDITH DEBY

I was pleased to hear from Mrs. Chipchase this weekend. The Chipchases are getting settled in their new home just out of Vernon, B.C. Already they are making plans for their landscaping and fruit tree planing.

Larry and Eileen Vickrey have rented their drive-in in Kelowna and are taking a well earned rest before starting something new.

It was a jolt to learn that the Bellwards are leaving. I should like to join with their many friends here in saying "Good luck. Happy landings. It has been a pleasure to know you."

Mr. and Mrs. Alfred Madsen settled into their town house and then left on a holiday which took them to Meadowlake and Kindersley, Saskatchewan, Calgary and Camrose. It will be of special interest to many here that the Madsens called on Reverend and Mrs. Ronald Doughbush in Thorsby. Mrs. Doughbush is the former Rose Ryan. The Doughbushes have a fine family of five children.

Mr. and Mrs. Elmer Madsen welcomed a fine baby daughter last week. This is Mr. and Mrs. Alfred Madsen's first granddaughter and they are finding it hard to be becomingly modest.

The Gerald Greiner family from Calgary, have been visiting with the Zolmers for a few days.

The 4-H Beef Club is winding up a most successful year.

WHO'S NEW

August 28th - Mrs. Fred Schollmaier (Karen), Drayton Valley - Boy - 7 lbs. 3 ozs.
 August 29th - Mrs. Clinton McColman (Dorothy), Drayton Valley - Boy - 7 lbs. 13 ozs.
 August 31st - Mrs. Don Noyes (Dolores), Breton - Girl - 5 lbs. 7 3/4 ozs.
 August 31st - Mrs. Elmer Madsen (Maxine) - Girl - 8 lbs. 7 1/2 ozs.
 August 31st - Mrs. Lenard Rogers (Jeannette), Carrot Creek - Boy - 6 lbs. 12 1/2 ozs.
 September 1st - Mrs. Alex Zubot (Isolde), Drayton Valley - Boy - 6 lbs. 6 1/2 ozs.
 September 1st - Mrs. Carl Handzuik (Dorrene), Tomahawk - Boy - 8 lbs. 10 1/2 ozs.
 September 2nd - Mrs. Howard Thomas (Peggy), Drayton Valley - Girl - 7 lbs. 1 oz.

The winner of this week's heaviest baby contest is Mrs. Carl Handzuik of Tomahawk. Mrs. Handzuik may pick up her spoon at:

LLOYD'S JEWELLERY
 DRAYTON VALLEY,
 ALBERTA

Club Leader Otto Guze and his assistants deserve great credit for their efforts. It is no easy matter to supervise a club whose members are scattered over a territory from the Pembina district to Moon Lake. Next year's club membership may well reach the two dozen mark.

Last week found teachers flocking in from all directions. Mr. and Mrs. Elliott had spent the summer in the East visiting a son and his family. Mr. and Mrs. MacManus look very tanned and fit after a summer spent in Mexico and California.

Many of us are feeling so badly about the friends who are being transferred out that we probably neglect to welcome the newcomers properly. Among the latter are the Rocques and the Woods. Glad to have you with us, folks.

Mr. and Mrs. Roy Burrows and family and Mrs. William Johanneson arrived on Friday after a month-long holiday in Britain where they visited their families.

Mr. Johanneson had purchased a new home in his wife's absence and upon her return she was surprised to be driven to this spacious new residence. How do you suppose the family was able to keep the secret all the way from the airport?

On the weekend Mr. and Mrs. Kaarsemaker got Mari- anne settled at the Moose Jaw Bible Institute where she will be taking her Grade 12 this year. Upon graduation Mari- anne will be entering a school of nursing.

The Kaarsemakers called on the Bradens in Lloydminster on their way home. Finding them was a major undertaking and would have probably been impossible without the help of the Reverend William Sayers. The Bradens sent greetings to all their Drayton Valley friends.

Back to School for Happy People

School days, school days, good old back to school days. That's what most of the kids of Frank Maddock sang on Thursday, September 1st. The students were welcomed back to school by many new faces in the teaching staff, along with the seven survivors from last year. The new teachers include Mr. Woods, the new principal who replaces Mr. McMannus.

This year, with three qualified physical education teachers, the school plans to be sports bound. By the talk of staff there are plans of more

extra curricular activities to have the students become more involved in school activities.

The first days of the school term were filled with meeting new teachers and students and working out a new time table everyone could follow was on the agenda. Despite many conflicts with subjects it is hoped that a permanent time table will soon be established.

The school yearbook staff has started to recruit new members to help launch the 1967 Scope.

Friday evening September 9th a dance for the teens will be held in the elementary school. The Fables and CJCA's M.C., Chuck Chandler will play from 9:00 to 1:00 a.m. See you there!

Wildcats-Seals Tie In Opener

The 1966 Minor Football season got underway in Drayton Valley last Sunday afternoon at the Lions West Valley Recreation Park. The local intam football team, the Drayton Valley Wildcats and the Safeway Seals from Edmonton played a 13-13 tie game.

From the opening whistle it was the Drayton Valley ground game against the Safeway passing attack. The Seals under coach, Sam Taylor got off to a slow start, but picked up momentum as the game progressed and were a continual threat to the Wild Cats in the final quarter. There was little difference between the two teams in yardage gained during the afternoon and in the first down department Drayton Valley had eleven while the visitors had twelve.

The Drayton team got into good field position early in the game and went ahead 6-0 when Doug Ibbotson found Pat Haggerty deep in the end zone with a perfect pass. The convert attempt by Carl Bengston was blocked. The Seals came surging back with an impressive aerial attack which led to a major score which was converted and it was 7-6 for the visitors. The Wildcats resumed their ground attack and were very effective sweeping around the ends. Danny Bartlett carried over from the twenty-two for six points near the end of the half making the score 12-7 for the home team. The convert attempt by Terry Jevne was blocked. In the second half the Seals got their attack going again and scored another touchdown which went unconverted and they led 13-12 at three quarter time. Don Bouschard tied the score with a single late in the game. On the final play of the game Bouschard again booted the ball into the end zone for what would have been the winning point, however, the play was called back due to a

ing well for the Wildcats defensively were Ricky Gabriels, Stan Oulton and Tom Tucker. This was a fine football game, one that got the local gridiron season off to an excellent start. Minor Football will be featured at the Lions West Valley Recreation Park every Sunday at 2 p.m. from now until mid-November.

THE ARNOLD Palmer Method

by GOLF'S 4-TIME MASTERS WINNER

A GOOD WAY TO LOOSEN GOLF MUSCLES

Though it's always wise to hit a few practice shots before a round of golf, the opportunity to do so does not always exist. When you find yourself in a position that you have to tee it up "cold" at the start of a round, I suggest you follow a simple loosening up procedure. Merely take two or three clubs in hand and slowly begin swinging them back and forth—take it easy at first to avoid straining stiff muscles. Gradually increase the length and tempo of your swing until you are stretching your golf muscles to their fullest extent.

The drill, which is similar to the routine baseball players follow before batting, will make your driver seem much lighter than normal when you step onto the first tee. Your muscles will be loose and flexible, ready to give you your best swing right from the start.

Forage Seed Payments

The Alberta Wheat Pool has announced final payments on 1965-66 forage seed pools amounting to 1/4 million dollars. Cheques are now being prepared for distribution to growers who marketed seed through the Wheat Pool during the past year and received the initial pool payment.

Forage seeds on which payments will be made according to grade are Creeping Red Fescue, Brome, Crested Wheat Grass, Timothy, Russian Wild-rye, Alfalfa, Alsike, Red Clover, Sweet Clover and White Clover.

Young Lions in zoos satisfy their deep seated hunting instinct by attacking the nearest moving object--their mother's tail.
